SUBJECT No. 318.

Drainage in the western extension.

Mr. Venkatakrishnaiya, Mysore City Municipality.

Summary of discussion.—Special arrangements to drain he sewage of the western extension may be made.

Reply of Government.—The work is to be taken up by the City Improvement Trust Board when the area in question comes under its operation. No more money can be spared

SUBJECT No. 319.

Land revenue within the Mysore City Municipality.

Mr. M. Anantarajaiya, City Municipality, Mysore.

Summary of discussion.—The land revenue realised within Municipal limits may be made over to the Municipality as in Bangalore.

Reply of Government.—The new Municipal Regulation may be awaited.

SUBJECT No. 320.

Revision of Mohallas in the Mysore City.

Mr. M. C. Ranga Iyengar, City Municipality, Mysore.

Summary of discussion.—In view of the recent extensions of the City all round, the number of Mohallas may be revised and increased so as to facilitate inspection.

Reply of Government.—It is said that the Municipality have considered this matter.

SUBJECT No. 321.

A new building for the Hospital at Bannur.

Mr. Srinivasaiya, Bannur Municipality.

Summary of discussion.—The Bannur Hospital is at present located in a dwelling house. The number of patients that attend the hospital every day is fifty on an average. As the present building is only 140 square feet, it is very inconvenient to the inhabitants. The subject of constructing a new building and paying one-third of the total cost of Rs. 3,000 from the Municipality was passed at the Municipal meeting held on 28th April 1905 and is under correspondence. It is requested that the construction of a separate building may be ordered. If the new building is provided, the number of patients will greatly increase as the present house can hardly accommodate ten or twelve patients. The surrounding villages are populous and there is no hospital anywhere within a radius of ten or twelve miles.

Reply of Government.—One of the three musafirkhana blocks has been ordered to be given for the location of the Dispensary.

SUBJECT No. 322.

Dispensary at Talkad.

Mr. Sivabasava Devaru, Land-holder, Talkad, T.-Narsipur.

Summary of discussion.—In the matter of establishing a dispensary at Talkad it was ordered in Government Proceedings No. 6669-70 - L. B. (75-04)-3, dated the 2nd February 1905, that there was no need for a separate dispensary there, but that it would be enough if the Hospital Assistant at T.-Narsipur visited the place once a week to dispense medicines to the sick. As by the present arrangements patients cannot represent their state of health for a week, they are afraid to take medicines. A separate dispensary may, therefore, be kindly ordered to be established at Talkad.

Reply of Government.—Such periodical visits are useless and costly. A Native Pandit may, if necessary, be located and a report on this point will be called for from the Deputy Commissioner.
